

# This Is My Dream

Lacuna Coil

I'll never find another way to be  
And like an actor I do  
The best I can

This is my dream

Believe in yourself  
In all the things you do

This is my dream

Believe in yourself and all your dreams come true  
You want it

You'll never find another way to be  
You'll never change the way to live your life

I cannot write all my confessions  
But alone with myself  
I can't remind my past

This is my dream

Believe in yourself I know this time you could

This is my dream

Believe in yourself but

Never be so sure  
You want it

You'll never find another way to be  
You'll never change the way to live your life
