Unchained

There's nothing up ahead or down the road
The streets won't last forever
There's nothing left to loose
I cannot see myself inside this dream
I know nothing lasts forever
Nothing lasts forever

Unchained
I'm like a bullet set free now
Unchained
I'm like a weapon unleashed now

Now I found my way to solid ground
I left behind the feeling
That I've been a fool
I feel much stronger now, I am not the same
You know nothing lasts forever
Nothing lasts forever

Unchained
I'm like a bullet set free now
Unchained
I'm like a weapon unleashed now
Unchained
I'm like a bullet set free now
Unchained
I'm like a weapon unleashed now
