

Far away

Ladislav Křížek

Awaiting tomorrow I'm crying for the dawn
Tears on my pillow - I wonder why you went wrong

We've been together for such a long time
But light like a feather someday you were flying
too high

Maybe together - one day we're free

I always remember you were playing with snow
Didn't care for the tomorrow - oh, baby,
I'm missing you so

Maybe forever - love in our eyes

Far away - is it all true?
So far away - nothing, but a goodbye

Now I'm drowning my sorrows and I'm fooling around
But whatever I'm trying I know
there'll be no one like you

You're flying - flying away

Far away - it seems like a dream
Far away - alone, you have been flying away

Far away - it seems like a dream
Far away - alone, you have been flying away

Far away - it seems like a dream
Far away - alone, you have been flying away

Far away - flying away
Far away - oh, baby, I'm missing you so
