

# Long Stretch of Love

Lady Antebellum

You're hit then miss  
You're fire and ice  
You're water and whisky burn  
We kiss we fight  
Make up all night  
You're the blessing and the curse  
But I don't ever wanna break this chain  
I don't ever wanna walk away  
Cause I ain't ever gonna find another lover  
Make me feel this way  
Over and over and over we say that we're through  
But I come right back to you

[Chorus:]

There's a long stretch of love  
Coming down the line  
I'm your rock that won't ever roll  
And baby you'll be mine  
I'll be right here beside you  
If these good times get tough  
Baby we're in for a long stretch of love

You lift me up  
You bring me down  
You make me feel alive  
You send my heart in overdrive  
Every time you kill the lights  
Over and over and over we play this game  
Win or lose we'll never change

[Chorus:]

There's a long stretch of love  
Coming down the line  
I'm your rock that won't ever roll  
And baby you'll be mine  
I'll be right here beside you  
If these good times get tough  
Baby we're in for a long stretch of love

Oh, long stretch of love  
Oh, long stretch of love  
Oh, long stretch of love

Over and over and over we play this game  
Win or lose we'll never change

[Chorus:]

There's a long stretch of love  
Coming down the line  
I'm your rock that won't ever roll  
And baby you'll be mine  
I'll be right here beside you  
If these good times get tough  
Baby we're in for a long stretch of love

Oh, long stretch of love  
Oh, long stretch of love

Oh, long stretch of love

Oh, baby

I don't ever wanna break this chain

I don't ever wanna walk away

Oh, long stretch of love
