Sometimes a story has no end  
Sometimes I think that we could just be friends  
'Cause 'I'm a wandering man', he said to me  
And what about our future plans?  
Does this thing we have even make sense?  
When I got the whole world in front of me

So I said; "I don't wanna be alone forever"  
But I can be tonight  
I don't wanna be alone forever  
But I love a gypsy life  
I don't wanna be alone forever  
Maybe we can see the world together  
I don't wanna be alone forever  
But I can be tonight, tonight

So I just packed my baggage and  
Said goodbye to family and friends  
And took a road to nowhere on my own  
Like Dorothy on a yellow brick  
Hope my ruby shoes get us there quick  
'Cause I left everyone I love at home

And I don't wanna be alone forever  
But I can be tonight  
I don't wanna be alone forever  
But I love a gypsy life  
I don't wanna be alone forever  
Maybe we can see world together  
I don't wanna be alone forever  
But I can be  
I can be tonight  
Oh, why would you go with me?  
Tonight

See the world with me

'Cause I'm, I'm, I'm, I'm  
A gypsy, a gypsy, a gypsy  
I'm, I'm, I'm, I'm  
A gypsy, a gypsy, a gypsy  
I'm, I'm, I'm, I'm  
A gypsy, a gypsy, a gypsy  
I'm, I'm, I'm, I'm  
A gypsy, a gypsy, a gypsy, I'm

And then he asked me, he said  
Baby, why do we love each other?  
I said honey it's simple  
It's the way that you love and treat your mother  
Thought that I'd be alone forever  
But I won't be tonight  
I'm a man without a home  
But I think with you I can spend my life  
And you'll be my little gypsy princess  
Pack your bags and chase the sunset  
Bust the rearview and fire up the jets

'Cause it's you and me  
Baby, for life

Would you go with me? For life  
See the world with me

'Cause I'm, I'm, I'm, I'm  
A gypsy, a gypsy, a gypsy  
I'm, I'm, I'm, I'm  
A gypsy, a gypsy, a gypsy. I'm
