

Hey Girl

Lady Gaga

Hey girl, can you hear me
Are you holding out your heart?
Hey girl, do you feel me? sometimes I go too far
Hey girl, it ain't easy
I know it's pulling me apart
Hey girl, don't you leave me
Hey girl, don't you leave me
Hey girl
Hey girl
We can make it easy if we lift each other
We don't need to keep on one-up another
