For a second ill be the fashion police and im just looking at y

With your grannyfied curtain designs, your hurting my eyes,  
You really should revise your dress sense before you walk on by  
,  
Im kinda mixed up in this disco inferno,  
Baggy jeans and a tight top, lemonade and pernod  
Im sticking out like a sore thumb but I aint concerned though,  
no, uh oh,oh oh oh (boogie)

R: Fling on an A D I D A S hoodie and just boogie woogie with m

So I was up in this trendy bar mingling  
My keys around my neck were jingling  
And you was looking at me like it was my bling  
You was staring at me like to say I was ginger  
I was dishing out out the same dirty looks trust me your the mi

Right everybody, if youve got someone who cant dress properly,  
yeah you need to direct them this way.

Why not just cut up all your old clothes and make a quilt so I  
can wrap myself up when im feeling cold,  
Why not dash your ugly boots on the fire and burn them down to  
charcoal,  
If your not feeling the way that your bedrin is dressing dont b  
e stressing send them in my direcion please,  
Black shoes , white socks, no uhh ohhh  
Polka dots, no uhh ohhh  
Flowery frocks, no uhh ohhh  
Just boogie woogie with me!!!
