

## Dusk Till Dawn

Ladyhawke

When you hide next to me  
With your eyes up close to me  
I hear footsteps in the dark  
When you hijack my heart

Cool breeze down the hall  
I can feel you breathe outside my door

Bang, bang, bang on the wall  
From dusk 'til dawn  
Do, do, do, do  
Do, do, do, do

Bang, bang, bang on the wall  
From dusk 'til dawn  
Do, do, do, do  
Do, do, do, do

Bang, bang, bang on the wall  
From dusk 'til dawn

When you sense you're not alone  
And the darkness starts to moan who's there?

Shadows all around  
But you don't make a sound  
Voices in my head  
Playing like an echo, echo

Bang, bang, bang on the wall  
From dusk 'til dawn  
Do, do, do, do  
Do, do, do, do
