

# Deep Blue

Ladytron

Deep blue, I wanna to take you to the sun  
Use the power station at the heart of town  
I'm sorry for the news the other day  
Let's go and play before they take you down

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you

Deep blue, let's get a train out of town  
To a place that's easier to get around  
To a place that's easier to get along  
To pretend to be strong, deep blue

Deep blue, I wanna to give it all to you  
Try and make you laugh, deep blue  
Deep blue, I know that scares you  
Try and find your smile, deep blue

One place we choose straight  
And you make it last more than a day  
Starting with a smile then it fades away  
So stay another day, deep blue

Deep blue, I wanna to give it all to you  
Try and make you laugh, deep blue  
Deep blue, I know that scares you  
Try and find your smile, deep blue

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you  
Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you  
Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you

Deep blue, I wanna to give it all to you

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you  
Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you  
Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you

Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you  
Deep blue, I wanna to give it all to you  
Deep blue, I know that scares you
