

Prez gorite, prez poliata,  
Pod zvezdite, nad zhitata

I know her, used to follow everywhere we'd go  
and it's so sweet, now she's sleeping with a boy I know  
the boy I know, knows a pretty girl in every town  
and the way they look, they were made to let each other down

she got her face from the same house where she stole her clothes  
on the same street, there's a dance hall where nobody goes  
four to the floor, stealing cigarettes of '90s ghosts  
and then at Christmas time, 'till we exceed the recommended dose

Prez gorite, prez poliata,  
Pod zvezdite, nad zhitata  
Shte patuvat prez noshta,  
Risuvat prez denia i shte spiat do obed  
Viatarat gi bruli na srebaren MZ  
I shte piat gorski chai ot zlaten samovar  
Litsata im greiat s ognenen zagar.
