

What's a Girl to Do

Ladytron

my life is in a turmoil
my thighs are black and blue
my sheets are stained,so is my brain
whats a girl to do?
oh,whats a girl to do?
i passed out with a novel..
or a needle in my hand
i passed out with a ragdoll
and i passed out with a man
i say my 3 hail marys
i barely paint my face
my friends decay around me ...
and i view them with distaste
my life is is in a turmoil
my thighs are black and blue
my sheets are stained,so is my brain
whats a girl to do,oh,whats a girl to do?
some girls have a mission
and some girls have their work
some marry with precission
and some just dish the dirt
and once i had a lover
and i once had a profession
and once i laughed at nothing and they called it a depression
ive tried dancing up and down,the wrong side of the tracks
and ive walked on the right side or just lay here on my back
so i think i'll quit while im behind,now that im 22
my sheets are stained ,so is my brain ..whats a girl to do
oh,whats a girl to do?
