

Hot

Lafee

So this is the girl you chose over me.
Say was it worth it?
You two look oh so sweet.
I'm over you and she's cute indeed
And yes, I can see why you picked her over me
But the way you look at me behind her back
I can't believe you do something like that
Do you wish you had back
What you once had?
You don't know
what you got until it's gone bad

Hot! No, she's not
No, she isn't got what I got
No, she isn't hot
That girl isn't hot and you know she's not
She isn't got what I got
No, she isn't got

What do you want from me when you have her?
The perfect match
You and your dream girl
Say are you thinking' of me while making love to her?
I thought she's all that you need or is something missing there

Hot! No, she's not
No, she isn't got what I got
No, she isn't hot
That girl isn't hot and you know she's not
She isn't got what I got

No, she isn't got
Hot! No, she's not
No, she isn't got what I got
No, she isn't hot
That girl isn't hot and you know she's not
She isn't got what I got
No, she isn't got

Hot! No, she's not
No, she isn't got what I got
No, she isn't hot
That girl isn't hot and you know she's not
She isn't got what I got
No, she isn't got
