

## Hot

Lafee

So this is the girl you chose over me.  
Say was it worth it?  
You two look oh so sweet.  
I'm over you and she's cute indeed  
And yes, I can see why you picked her over me  
But the way you look at me behind her back  
I can't believe you do something like that  
Do you wish you had back  
What you once had?  
You don't know  
what you got until it's gone bad

Hot! No, she's not  
No, she isn't got what I got  
No, she isn't hot  
That girl isn't hot and you know she's not  
She isn't got what I got  
No, she isn't got

What do you want from me when you have her?  
The perfect match  
You and your dream girl  
Say are you thinking' of me while making love to her?  
I thought she's all that you need or is something missing there

Hot! No, she's not  
No, she isn't got what I got  
No, she isn't hot  
That girl isn't hot and you know she's not  
She isn't got what I got

No, she isn't got  
Hot! No, she's not  
No, she isn't got what I got  
No, she isn't hot  
That girl isn't hot and you know she's not  
She isn't got what I got  
No, she isn't got

Hot! No, she's not  
No, she isn't got what I got  
No, she isn't hot  
That girl isn't hot and you know she's not  
She isn't got what I got  
No, she isn't got
