

# Billionaire

Lagwagon

Breaking down in surround  
Alarms are deafening  
Alone in immersion  
Drowning in the dream  
Billions in the shadow  
Of one you won't deceive  
All we know is failure  
All we have is us  
How can I forgive you?  
For breaking our last trust  
Billions of sincerities  
And one you will believe  
You have to honor me [repeat]  
Our lives are incomplete  
Without our honesty  
Our honesty  
Breaking down the numbers  
Eliminate the waste  
Nothing's ever perfect  
Forget about disgrace  
Fuck the purist  
Fuck the tourist  
Fuck the bourgeoisie  
You have to honor me  
I have to honor you  
Our lives are incomplete  
Without our honesty  
My life is incomplete  
Without our honesty  
Honesty
