

## Tomorrow Is Heartbreak

Lagwagon

Bitter X it must feel better  
Holding that grudge  
It's a feeling so familiar  
Not unlike love

Unrequited she's scarred in hatred  
Yesterday's moving  
It's easier to locate  
A better nest

Tell them you never lived in such a mess  
Emily at her best in black  
Reminds them all to stand back  
At a distance they won't notice the act

All that she lacks  
You can see up close she's bitter  
Remembering wasted dinners  
Can't expect the creep to stay long

But he's not the one who pissed her off  
Today is denial  
It's easier if she won't  
See him again

He's just another trip best forgotten  
Emily may be odd  
But she always gets even  
It's not unlike love

Emily will find him again short-term boyfriend  
Emily, you'll always be alone  
Tomorrow is heartbreak  
Tomorrow is heartbreak  
So bitter ex I'm sorry  
Sorry I bit that hook  
I'm just a bad cliché in your black book
