Laibach

If you wanna change the world
You'd better do it with a thrill
Cos' if you don't, no one else will

Do it with a feeling
You've got to do it with a feeling

If you're gonna beat the power
You'd better do it right
Cos' if you don't, you're gonna lose this fight

If you wanna change the system
Get out on the street
Cos' if you don't, you'll hear a different beat
