

The Parade

Laibach

Join the parade
Join the parade
Join the parade

Some walk for salvation
Confessing their sins
Denouncing their fathers

Some join to run naked
For pleasure and pain through

The hands of the others

It comforts
It thrills
Inspires
It heals

We came to collect
A tax on our lives
A price on your head

We follow music
And the band
Waving flags
And iron hand

We are marching
We are dancing
Jumping, stomping
And campaigning
Struggling all day long

We are marching
We are dancing
Jumping, stomping
And campaigning
Fighting you and me
