

# The Parade

Laibach

Join the parade  
Join the parade  
Join the parade

Some walk for salvation  
Confessing their sins  
Denouncing their fathers

Some join to run naked  
For pleasure and pain through

The hands of the others

It comforts  
It thrills  
Inspires  
It heals

We came to collect  
A tax on our lives  
A price on your head

We follow music  
And the band  
Waving flags  
And iron hand

We are marching  
We are dancing  
Jumping, stomping  
And campaigning  
Struggling all day long

We are marching  
We are dancing  
Jumping, stomping  
And campaigning  
Fighting you and me
