

Glory Cloud

Laika

Set my heart strings strummin'
Resonate in me
Stars burst diamond sockets
Sounding of the sea

Songbird on my shoulder
Peaceful when I sleep
Be with me as I grow older
Glory cloud we'll keep

Be the light I see by
reflected in the tide
Following the color of summer
You will be my guide

Little stabs of laughter
Fusing in your eyes
Time will pass as we grow closer
Glory cloud will rise
