```
It is night and life moves at a new pace
The air is still, the earth sleeps
We move with the grace
Of the moon sweeping through the clouds
```

It is night and life moves at a new pace The air is still, the earth sleeps We move with the grace Of the moon sweeping through the clouds

```
One by one the stars break through
```

One by one the stars break through One by one the stars break through One by one the stars
