

## Raistlin and the Rose

### Lake of Tears

Shadows, shadows and fever, no-  
one hears him cry so he turns to evil  
Only now, only now does he know

Pains, always those pains, once he turns that way he will do it  
again  
Only now, only now does he know, silver doom, unseen moon will  
show

As they dance under the moon they bring doom,  
he calls her friend and says he'll change  
She calls him friend and he deceives again

Flowers, a scent of flowers, always on his mind so he deceives  
her  
Only now, only now does she know

Love, love makes her blind, soon she follows him through the do  
ors of time  
Only now, only now does she know, silver doom, unseen moon will  
show

As they dance under the moon they bring doom,  
he calls her friend and says he'll change  
She calls him friend and he deceives again
