

The Hating

Lake of Tears

Go, just give in
Don't hold back
A little bit more

Almost there
Almost dead
Come on you're about to die

Fears come crushing in
You can't even breathe
Death comes creeping
Fears run deep

Die, there's nothing left
No regrets
Come on you're about to die

Fears come crushing in
You can't even breathe
Death comes creeping
Fears run deep

Go, just give in
Don't hold back
Come on you're about to die

Fears come crushing in
You can't even breathe
Death comes creeping
Fears run deep

Screams from the underworld
Howling self-hate
Hate for everyone
Watching, waiting

Screams from the underworld
Howling self-hate
Hate in everyone
Hating!
