

Clear a Space

Lake Street Dive

Let me clear space for you to sit beside me
You don't need your back against the wall
Let me figure out how to surrender
All I wanna do is take the fall
I can tell you things that don't come easy
Words I never tried to say before
I see it in your eyes I know you hear me
Baby I can't take it anymore

I wanna make it easy on you baby
(easy on you baby)
I wanna make it easy on you baby
(easy on you baby)
I wanna make it easy on you baby
(easy on you baby)
I wanna make it easy on you baby

I can try pushing you aside
Well, force myself to have a change of heart
Well, none will fill the space that you have left behind, no
Why don't we just finish what we start
Oh, come here almost anytime
I'm really tempted today
Boy you got me thinking what's the crime, yeah
I can get used to me this way

Let me clear a space for you to sit beside me
You don't need your back against the wall now wait
Let me figure...Let me figure out how to surrender
All I wanna do is take the fall oh

I wanna make it easy on you baby
I wanna make it easy on you baby
I wanna make it easy
I wanna make it easy on you baby
Oh yeah, oh I wanna make it easy
(easy on you baby)
I wanna make it easy, easy, easy
(easy on you baby)
I wanna wanna make it easy
(easy on you baby)
Oh, oh nah easy on you baby oh yeah
Ooo yeaaaah oh

Let me clear a space, yeah
(easy on you baby)
Ooo yeaaaah oh
Let me clear a space, yeah
(easy on you baby)
Ooo yeaaaah oh no
Let me clear a space, yeah
(easy on you baby)
I wanna make it easy on you baby
