

Love's an addiction baby  
There's a rehab for every kind  
Lay your head down baby  
Tell me what's on your mind  
You've got so many heartaches  
Take em one at a time  
Imagine each ones a man  
Takes a number, stands in a line

If you draw the line baby  
I will walk the walk  
But I may sow some seeds baby  
And I may pick a lock  
My door is always open  
If you find you wanna talk  
And when you're good and ready  
We can go as deep as you want

So just ask (just ask)  
Baby just ask  
I'll do anything for you  
All you gotta do is ask  
So just ask (just ask)  
Baby, baby just ask  
I'll do anything for you  
All you gotta do is ask

(la, la, la ohh ah, la la la, la la la, oooo ah)  
Like a pin up I will hold your gaze with yearning, when we're alone  
Well now when all the streets and all the heads are turning  
You will know (you will know) What you hold (you will know)  
You will knowwwwww

The sunlight is a villain  
When it takes away the night  
You're about the same baby  
When you tell me that you're all right  
You've made off with my body  
And you're poisoning my mind  
But I know I have your love babe  
And you know that you always have mine

So just ask (just ask)  
Baby just ask  
I'll do anything for you  
All you gotta do is ask  
So just ask (just ask)  
Baby, baby just ask  
I'll do anything for you  
All you've got to do is ask
