

# Rabid Animal

Lake Street Dive

[Intro]

Another night wasted  
In my parents' basement  
I could almost taste it  
Why did I ever go back home?

All night  
You got me runnin' like a rabid animal like a dog  
With no fight  
How will I ever find you in the darkness  
With no light

[Instrumental]

Another night wasted  
In my parents' basement  
I don't know why I didn't chase it  
When I was right on its tail

All night  
You got me runnin' like a rabid animal like a dog  
With no fight  
How will I ever find you (find you) in the darkness  
With no light

You got me runnin' like a rabid animal like a dog  
With no fight  
How will I ever find you (find you) in the darkness  
With no light

Well now, you got me runnin' like a rabid animal like a dog  
With no fight  
How will I ever find you (find you) in the darkness  
With no light yeahhhhhhhhhh

You got me runnin' like a rabid animal like a dog  
With no fight  
How will I ever find you (find you) in the darkness  
With no light
