

You Go Down Smooth

Lake Street Dive

[Verse 1:]

Would it be true to say that I ordered you
Or is it you that ordered me?
I could say you are the only one I see
But I can't stop at two or three

[Chorus:]

And I am afraid to need you so
And I am too sober not to know
That you may be my problem, not my love

[Verse 2:]

Would I be lying if I said you were too sweet
Though I'm quite sure you've got a bite
I could say that you were just a special treat
Though we both know that's not right

[Chorus:]

And I am afraid to need you so
And I am too sober not to know
That you may be my problem, not my love
Cause you go down smooth

[Verse 3:]

Would it be true to say you go to my head
Or is that sentiment too frank
I could say you make it sweet to go to bed
But then it's you that breaks the bank

[Chorus]
