

# If You Want To

Lalah Hathaway

Came here to get it tonight  
Drama I'm 'a leave it behind  
Ooh you can be on my side  
If you want to.  
Oh it's a beautiful sight  
Everybody wanna kick it tonight  
Champagne poppin' better keep it on ice  
If you want to.

Work week is over  
The girls are heading over  
I'm takin' the Rover, He said it's alright  
I wonder, does he ever truly see me  
In all of my glory, And all of my shine

They're at the door to party  
Knocking on my door to party  
We 'bout to get it started  
What cha gonna do  
Hair's down I'm ready to party  
Lips glossed I'm ready to party  
Lookin' good I'm ready to party  
What you gonna do  
What you wanna do

Came here to get it tonight  
Drama I'm 'a leave it behind  
Ooh you can be on my side  
If you want to.  
Oh it's a beautiful sight  
Everybody wanna kick it tonight

If you want to.

Feeling lucky, Body to body  
Are you ready to party  
Said it's alright, oh oh aye oh aye  
This face on my shoulder (takin' me over)  
This groove is takin' me over  
Come on let me hold you  
He said it's alright

Look at everybody party  
Check out all the sexy bodies  
Dancin' in the mood to party  
'Cause it's how we do  
Shakin' and feelin' naughty  
Move in toward ya honey  
Till the sunrises in the mornin'  
'Cause it's how we do  
Cause that's how we do
