

# You Know How To Hurt A Girl

Lalaine

I should've seen it coming  
I should've run for the hills  
Now I'm left here with nothing  
And baby it kills

Your words came so easy  
That you'd never leave me  
Now here I am left all alone

You don't know a thing  
About loving someone  
It's too late baby  
The damage is done  
There's one thing you know in this world  
You know, you know, you know  
How to hurt a girl

When the rain stopped fallin'  
You called me out of the blue  
Acting like nothing's happened  
Oh that's just like you

You wondered if we could  
Thought that we should  
Give this thing one more try

Now, now I can see  
The man you'll never be
