

How Wrong

Laleh

Oh, how wrong not to be loved by you
I'll go far if I could by you
And my cause
No, it don't make sense
And my conscious it won't let me
I won't rest

I, I want to be loved by you
Oh, how wrong not to be loved by you
I'll go far if I could by you
And my heart is a vivid road
Covered up in the winter snow
But the sun will show

I, I want to be loved by you
And my heart is a vivid road
Covered up in the winter snow
But the sun will show

I, I want to be loved by you
