

Speaking of Truth

Laleh

Soft like trees and water
shape to suit and mood
after mood and weather
in the waves you will float.

Am looking after ground
Am looking for a new way
way of leaving this can be
If you shake the ground

I made to move after your flood
So move by you
you take it, take it back

I'm so dried out in this desert
Let me know, I wanna be with you
speaking of floods
speaking of truth

I'm so dried out in this desert
Let me know, I wanna be with you
speaking of floods
speaking of truth

You are soft like stone and water
You are shape to suit and make
all your corners round an lovely
while your running down the lake

I made to move after your flood
So move by you
you take it, take it back

I'm so dried out in this desert
Let me know, I wanna be with you
speaking of floods
speaking of truth

speaking of truth (4x)
take take it love,
take it what you want
