

More Time to Kill

Lamb of God

I just got the news today you were dying,
Hot Damn! We're already partying.
But please, before you have to leave,
Let me tell you a few last things.

Suffer unto me
Indulge my every need.

I don't want to meet you halfway
I've always despised that fucking place,

Suffer unto me
Indulge my every need.

I'm not offering you my way
I'm kicking you down the fucking highway.

(2x)

Get one thing straight from the get-go,
I truly don't give a fuck about you
I never have and I never will,
Each day you breathe it's more time to kill.

Fuck Your World Up (Goddamn!)

Your last breath, I'll take it now
Your last breath, I'll take it now
Your last breath, I'll rip it away
And haunt your dreams in your final sleep

You've been wishing in one hand and shitting in the other
You see which one filled up first
Your number's come up
And it sure as hell ain't a lucky one son

(2x)

Get one thing straight from the get-go,
I truly don't give a fuck about you
I never have and I never will,
Each day you breathe it's more time to kill

I never have, I never will (never will) (2x)
