

This was a body, now it's a home
For you, my little alien
I feel you moving, it's oh, so strange
Do you like the music?

Am I a happy home?
What's it like in there?
I'm a happy home
I hope it's cosy in there

If home's where the heart is that's where you are
My heart is right there
So long I've waited to be quite so occupied
Mysterious being by you

And I'm a happy home?
What's it like in there?
Yeah, I'm a happy home
I hope it's cosy in there

This was a body, now it's a home
For you, my little alien
I feel you moving, it's oh, so strange
Do you like the music?

And I'm a happy home?
What's it like in there?
Yeah, I'm a happy home
I hope it's cosy in there

And I'm a happy home?
What's it like in there?
Yeah, I'm a happy home
I hope it's cosy in there
