Alien

This was a body, now it's a home For you, my little alien I feel you moving, it's oh, so strange Do you like the music?

Am I a happy home? What's it like in there? I'm a happy home I hope it's cosy in there

If home's where the heart is that's where you are My heart is right there So long I've waited to be quite so occupied Mysterious being by you

And I'm a happy home? What's it like in there? Yeah, I'm a happy home I hope it's cosy in there
