

## Bonfire

Lamb

Have you ever wondered why those days exist  
When life just seems to be a conspiracy against you  
I don't know where the answer lie  
But I try not to get hung up on the questions

And I burn like a good bonfire  
In whatever I do  
Burn like a good bonfire  
And I know I'll come through

The time is long overdue for a house clearing of the soul  
We all get so complicated in our lives  
When walking just walk  
When sitting just sit  
When being just be  
Above all don't stray from your chosen path

And burn like a good bonfire  
In whatever you do  
Burn like a good bonfire  
And I know you'll come through  
Burn like a good bonfire  
In whatever you do  
Burn like a good bonfire  
And may peace come to you

The time is long overdue for a house clearing of the soul  
We all get so complicated in our lives

Burn like a good bonfire  
In whatever you do  
Just burn like a good bonfire  
And I know you'll come through  
Burn like a good bonfire  
In whatever you do  
Burn like a good bonfire  
And may strength flow through you
