Gabriel

I can fly But I want his wings I can shine even in the darkness But I crave the light that he brings Revel in the songs that he sings My angel Gabriel I can love But I need his heart I am strong even on my own But from him I never want to part He's been there since the very start My angel Gabriel My angel Gabriel Bless the day he came to be Angel's wings carried him to me Heavenly I can fly But I want his wings I can shine even in the darkness But I crave the light that he brings Revel in the songs that he sings My angel Gabriel My angel, my angel, my angel Gabriel, Gabriel
