

## In Binary

Lamb

Hearing sounds  
In open doors  
Brings a heart-shaped smile  
Many lives  
Just tiny dots  
On earth's great surface shine

It's all here just a moment  
One breath and then it's gone  
It's all here just a moment  
A trick of space and time

Telegraphs  
Along the road  
Feeding one to one  
Sending thoughts  
In binary  
Till all the power's gone

It's all here just a moment  
One breath and then it's gone  
It's all here just a moment  
A trick of space and time
