

Last Night The Sky

Lamb

Last night the sky was greyer than the grave
Clouds so gloomy they put a fear in me
I drove a hundred miles and a hundred miles again
Still couldn't find my way

I lost it
Couldn't find it
I lost my way

Where are you waiting, love
Just around the bend
Calling me to come back home
Oh I'm so afraid this journey never ends
The black dark carries me so far away

I lost it
Couldn't find it
I lost my way

I lost it
Couldn't find it
I lost my way

Yeah I lost it
Couldn't find it
I lost my way
