

Sweet

Lamb

Sunshine takes me to a place where I'm living free
Something in your eyes is telling me this is where I want to be
But I never thought it would be so

Sweet, sweet, sweet
The way you make me feel

It's funny how it just gets sweeter and sweeter day by day?
It's sweet how you just get funnier to me in every way
But I never thought it would be so

Sweet, sweet, sweet
The way you make me feel
Sweet, sweet, sweet
I can't believe you're real

It's so rare to find someone who
Brings on the sunshine the way you do
It's so

Sweet, sweet, sweet
The way you make me feel
Sweet, sweet, sweet
I can't believe you're real
