

So I Hear You're Moving

Lambchop

Well, I wanna be held
Yeah, I wanna be cuddled
I wanna find me a real nice girl
With a nice little butt oh

Neighborhood's getting better and I'm moving out
Neighborhood's getting better and I'm moving out

Oh, I got drugs
They'll blow your mind
Blow your wad tonight

Well, I wanna be stained
Yeah, I wanna be bottled
I wanna live in a real live house
Not a scale model

Oh, now if I knew when, then would it be easy?
Oh, now if I knew when, then would it be easy?
Oh, I don't know

Oh, I got drugs
They'll blow your mind
Blow your wad tonight

Yeah, I wanna be held
I wanna be hated
When I get old yeah, I wanna be sedated

[Incomprehensible] hours a day
I wanna be sedated
Twenty, twenty, twenty four hours a day
I wanna be sedated

Oh, I got drugs
They'll blow your mind
Blow your wad tonight

Here comes the break
Here comes the kicker now
Here comes the break
Here comes the kicker now
Here comes the break
