

Gargoyles, standing, in front of your gate,  
Trying to tell me to wait,  
But I can't wait to see you,  
So I run, like I'm mad,  
To heavens doors,  
I don't wanna be,  
But I won't cheat you no more,

Roses, Bel Air, take me there,  
I've been waiting to meet you,  
Palm trees, in the light,  
I can see, late at night,  
Darling I'm willing to greet you.

Spark light, bad baby.  
You've got a flare!  
For the violence in the 12:00 world out there!  
Don't walk with me child be young.  
Don't be quiet.  
Everyone won't ever tell you it's okay to shine.

Roses, Ballet, Take me away at night,  
I have been waiting to meet you.  
The dreams in my life, I can see it late at night,  
Darling I am waiting to greet you.  
God told me baby.

Don't be afraid of me.  
Don't be ashamed...  
Walk in the way of my soft dress erection,  
I own the roses, I found it so,  
I know your name.  
We've made a wall with your brilliant direction.

Roses, Ballet, Take me away at night,  
I have been waiting to meet you.  
The dreams in my life, I can see it late at night,  
Darling I am waiting to greet you.  
God told me baby.

Roses, Ballet, Take me at night,  
I have been waiting to meet you.

Melodies, sunshine, memories and sunlight.  
I have been waiting to meet you.

God told me baby.
