

## Get Drunk

Lana Del Rey

I am sleeping with your best friend.  
How do you like me now?  
How do you like me now?

I am sleeping with your best friend...

Come on, get drunk, you know you wanna.  
I am, you can, won't tell no one bout it.  
It's gonna be a ball.  
It's gonna be a ball.

I am lying, using again.  
Come on. It's gonna be ball.

Come on, get drunk, you know you wanna...

Cigarettes and robitussin, will i ever get to heaven?  
It's not looking good now. Ohhh.  
It's not looking good now.

Come on, get drunk, you know you wanna...
