

Keep Out

Land Of Tales

I am that man that man who hurt you
who drove you crazy speaking about the truth
I am that man and that man is me
we share the same face and identity
and I can't tell that man apart from me

So I ask you to

Keep out you are not strong enough
you might think you can handle this thing you got
Keep out I am warning you
you don't know the things he's done
and is going to do
Keep out

And you're that kind of lady
who deserves to be
left on her own
without my bad company

I am that man that man who loved you so
but I'm not that man who couldn't let you go
'Cause I can tell you'll be ok without me

So I ask you to

Keep out you are not strong enough
you might think you can handle this thing you got
Keep out I am warning you
you don't know the things he's done
and is going to do
Keep out
