

## Sea Foam

Land of Talk

Don't drink when you're tired  
just watch those gems  
they catch everything  
like the light

and what would become  
if we never moved  
just lost and loose  
like the light

hey hey  
as she keys you  
and she knees you  
you wonder how we could ever get back  
why would we  
so close to  
stay inside  
scared, locked  
to never come out

we never make any money  
why would we try  
ooooh  
bear us away on a wing  
on a wing...
