

# Shades Of Black

Lanfear

I'm your nightmare  
All you've ever feared  
Your path to blackness  
I am the spawn of your despite  
Awakened

The vicious minds became alive  
My darkness swallows up the light  
Your soul's forsaken  
See what volition can create  
I'm just the spawn of your despite  
Darkness awakened  
Face your fortune now

Your true colors are the shades of black  
You're the children of evil  
You're born to serve the shades of black  
Forever

Greed and anger  
Turned your souls to black  
Now you're addicted  
Your mind's too weak  
To break the spell of evil
