

## What.. For

Lanfear

Trying  
To become  
The best that I can  
But giving it all  
Won't seem to be enough  
Running in circles  
No chance to start  
Where it all has begun  
Eternity's ending  
A place not meant to be

Learning to forget  
Rising to tumble down again

What...for?  
When nothing's enduring  
Right in the end  
What...for?  
Taking the pains  
Just to achieve even none

I thought  
Life was meant  
To raise some changes  
To live your dreams  
No hiding in despair  
Then you will find out  
That all's for nothing ever after  
No way to break out  
From this cage of mind

Crying to regret  
Trying just to fail again
