

Drag Me Down

Lansdowne

Time's, up
Down on my knees...
I'm face up
Need the release, I'm...
So addicted
So conflicted
Time's, up
I can't take no more

Chain me to a bed of roses
I'm numb to the thorns

You are a sickness
My only weakness
I've got no defense
When I'm on the ground
You've got me falling
I always give in
Until there's nothing
Cause I know you're gonna
Drag me down

So, far
Girl on the inside
No, more
Strength from the outside
So infected
Disconnected
Times, up
I can't take no more

Chain me to a bed of roses
I'm numb to the thorns

You are a sickness
My only weakness
I've got no defense
When I'm on the ground
You've got me falling
I always give in
Until there's nothing
Cause I know you're gonna
Drag me down

You are a sickness
My only weakness
I've got no defense
When I'm on the ground
You've got me falling
I always give in
Until there's nothing
Cause I know you're gonna
Drag me down

Drag me down
Drag me down
