

Up All Night

Lansdowne

Reached for the bottle but the bottom was all I found,
Did anyone get the plates on that hit and run?
Waking up on the wrong side of town,
I've got no shirt, her smirk's cocked just like a loaded gun.

She tells all her friends we're dating,
Can't tell if the girl is crazy.
One of these days I'm gonna get myself burned,
Well bring on the fire cuz' I'll never learn.

She's got me up all night,
It's one hell of a ride.
You know she thinks I'm famous,
She don't know what my name is.

Up all night,
We can sleep when we die.
You know tomorrow morning
She's just another story.

Calling out my name I love the way
She's got me up all night.

She's making breakfast
But I'm making a break for the door,
Next thing you know it'll be
Dinner and diamond rings

I ain't got time for more than
Clothes on the floor,
But I'll be back tonight
Cuz' this girl is down for anything.

She tells all her friends we're dating,
Can't tell if this girl is crazy.
One of these days I'm gonna get myself burned,
Well bring on the fire cuz' I'll never learn.

She's got me up all night,
It's one hell of a ride.
You know she thinks I'm famous,
She don't know what my name is.

Up all night,
We can sleep when we die.
You know tomorrow morning
She's just another story.

She's been looking for love
But it's never enough
Whoa, whoa, whoa.
She's been looking for love...

Calling out my name I love the way
She's got me up all night.

She says I'm the greatest

Who cares if she fakes it,
I've got her fake tits
Covered in my fingerprints.

Says she's an actress,
Just wants to be famous,
Don't know what her name is.

She's got me up all night,
It's one hell of a ride.
You know she thinks I'm famous,
She don't know what my name is.

Up all night,
We can sleep when we die.
You know tomorrow morning
She's just another story.

She's been looking for love
But it's never enough
Whoa, whoa, whoa.
She's been looking for love
But it's never enough
Whoa, whoa, whoa.
She's been looking for love...

Calling out my name
She plays those dirty little games.
This girl is driving me insane,
Oh yeah the way she's got me up all night.
