

It could change but this feels like, like the calm before the storm
Not that I don't wanna try but I've been here before
Friends in town, phone's at home, I tell myself it's fine
Can't remember how you taste left alone too many nights

Where did we go wrong? I know we started out alright
Where did we go wrong? I swear I knew we'd last this time
Where did we go wrong? Oh did you, did you change your mind?
How could you change your mind?
Who got inside your mind?
Where did we go wrong? I know we started out alright
Where did we go wrong? I swear I knew we'd last this time
Where did we go wrong? Oh did you, did you change your mind?
How could you change your mind?
Who got inside your mind?

Half my clothes are at your house and I don't want them back
The smell of you is way too much, not gonna put my heart through that
I don't know how much time we got, I don't know how much to say
I don't know, tell me what you want, I want you to want me to stay

Where did we go wrong? I know we started out alright
Where did we go wrong? I swear I knew we'd last this time
Where did we go wrong? Oh did you, did you change your mind?
How could you change your mind?
Who got inside your mind?
Where did we go wrong? I know we started out alright
Where did we go wrong? I swear I knew we'd last this time
Where did we go wrong? Oh did you, did you change your mind?
How could you change your mind?
Who got inside your mind?

La la la la la la la
La la la la oh yeah
La la la la la la la
Ooh ooh ooh

Where did we go wrong? I know we started out alright
Where did we go wrong? I swear I knew we'd last this time
Where did we go wrong? Oh did you, did you change your mind?
How could you change your mind?
Who got inside your mind?
Where did we go wrong? I know we started out alright
Where did we go wrong? I swear I knew we'd last this time
Where did we go wrong? Oh did you, did you change your mind?
How could you change your mind?
Who got inside your mind?□
