

We met last Summer
Found my way to you, yeah
Gave me your number
To see if I come through

Got out of the city
Oh we headed for the woods
Don't know what happened
But ever since been hurt

Baby I just love the way you love
And how you dance with me throughout the night
Baby won't you stay awhile with me?
Forever

You sent me letters
Oh they smell like your perfume
And when I read them
I swear you're in the room

Baby I just love the way you love
And how you dance with me throughout the night
Baby won't you stay awhile with me?
Forever

Baby I just love the way you love
The classic kind that's filmed in black and white
Baby have you thought at all and maybe, huh?
Forever, alright

Baby I just love the way you love
And how you dance with me throughout the night
Baby won't you stay awhile with me?
Forever
