

Made in Hollywood

LANY

Turn off the lights, come and lay with me
Write your name on my hand, just like we're seventeen
Pose through the blinds, the sun is almost down
It's just a matter of time, until we run this, down

(2x):

Young love
West Coast
Who cares?
Who knows?

Keep it low key, so we rep all black
Wear our shades on our nose, 'cause we're cool like that
Drive to the beach, kiss me nice and slow
Michael Jackson so loud on my radio

(2x):

Young love
West Coast
Who cares?
Who knows?

(2x):

We'll dream about it
Talk, talk about it
Won't live without it
Made in Hollywood

(2x):

Young love
West Coast
Who cares?
Who knows?

(2x):

We'll dream about it
Talk, talk about it
Won't live without it
Made in Hollywood
